LISBON PUBLIC INFORMATIONAL MEETING
PROPOSED IMPROVEMENTS TO US ROUTE 302

The New Hampshire Department of Transportation announces a Public Informational Meeting will be held Monday, June 2, 2003 to update the Town of Lisbon regarding highway improvements for US Route 302.

A project to reconstruct and relocate segments of US 302 was developed in the mid-1990's to address safety and infrastructure needs between the US302/NH112 intersection in Bath and the US 302/NH 117 intersection in Lisbon. Issues of funding and now subsurface soil conditions have to date delayed going forward with construction.

This meeting is being held to update citizens and public officials on the status of the project. Design and construction issues associated with poor soil conditions encountered along the proposed alignment require modifications to the previously proposed layout. The Department of Transportation seeks to solicit input concerning the overall scope and future direction of this project.

The June 2 public meeting will be held at Lisbon Town Hall, 46 School Street, Lisbon, NH. The 7:00 PM meeting will be followed by a question and comment period. An earlier public meeting on the project will be held May 21 at 7:00 PM at the Bath Village School in Bath.
